

High Student Achievement Meeting Agenda

January 22, 2015

Members present: Cindy Hansen, Cindy Palm, Becky Collins, Patrick Johnston, Shawn Hunsakor, Dorothy Walston, Josh Westphal

Guests present:

I. Strategic Plan Review: Reports

A. *"Ensure alignment of curriculum and assessments to state standards"*

Josh Westphal, Curriculum Coordinator

- Positives: ACT prep exam - math and reading working together to create this test, Jan 19 staff meeting - data grades 5-8 (see below), grades 1-4 - Envision Math Series
Curriculum alignment in Feb staff meeting - tool, block scheduling for high school finals, site-based team meeting - possibility of 30 min skill development - breaking off into small groups - no tests or grades, Ramp-up.
- Challenges: 30 min - take time out of core classes
- Possible considerations for the future: Team input - curriculum/assessment changing and integrating technology in as well.

II. Student Achievement Data Review: data coaches

Shawn, Data Coaches

Presented 13-14 Math MCA Grades 3-11

Longitudinal MCA Data for Math

OLPA - 8th, 7th, 6th, 5th, 4th, 3rd Grades improved from 1-2 time

Also looked at individual students scores from 1-2 time (names blacked out)

Data Meetings 1/19 - Alg. and Number Sense needs to be emphasized; actions - discuss tying MCA scores to grade book score. (request admin input) - not intended for that (Johnston reported)

Concerned about classes being shortened even more for next year.

Celebrations on growth

Cindy - shared some information about data in the reading meeting

Josh - shared Rosario information about the science data meeting - engineering flex

III. Innovation Application Review: none - some on the horizon, see in the future

Next Meeting:

Feb. 26

Mar. 26 - Whole World Workforce Group

Apr. 23

May 21
